

MUHAMMAD RAZA

IOS Developer | SwiftUI | Swift | Objective - C

📞 03171605381 @ mraza71318@gmail.com 📍 Lahore, Pakistan

SUMMARY

Experienced **IOS Developer** with over 2.5 years of professional experience, specializing in **SwiftUI, UIKit, and Objective-C**. I have collaborated with international clients to deliver **high-quality, scalable, and user-friendly** mobile applications. I've worked on **iOS, Apple Watch, and macOS (desktop)** apps, creating seamless experiences across all Apple platforms. In addition to iOS development, I bring **full-stack mobile expertise**, managing backend systems, databases, and API integrations. Passionate about building innovative and efficient solutions, I thrive in **dynamic, collaborative environments** and continuously adapt to emerging technologies to enhance mobile experiences. Check out my work: https://linktr.ee/raza_malik

EXPERIENCE

IOS Developer

AI For Life

📅 10/2024 📍 Lahore, Pakistan

As an iOS Developer at **AI4Lyf**, I have been responsible for designing, developing, and optimizing innovative mobile applications using **SwiftUI, Swift, and Objective-C**. My work focuses on building **scalable and high-performance iOS apps** by integrating advanced **AI models, Firebase, RESTful APIs, SQL, SwiftData & Core Data**.

- Developed and maintained multiple iOS applications with modern **SwiftUI and Swift** frameworks, ensuring high performance and scalability.
- Successfully integrated **AI models** for intelligent user experiences and predictive features.
- Streamlined **Firebase and API integrations**, enhancing data synchronization and real-time updates
- Implemented **SwiftData, Core Data and SQL** solutions for efficient local storage and offline functionality.

IOS Developer

XD STUDIOS

📅 02/2023 - 10/2024 📍 Remote

As an **iOS Developer**, I specialize in **SwiftUI, UIKit, Firebase, API integration, SQL, and Core Data** to build scalable mobile applications. I also contribute to **product management**, ensuring efficient execution and alignment with business goals.

Achievements

- Successfully developed and optimized iOS applications using SwiftUI, UIKit, and Core Data, improving app performance.
- Integrated Firebase and SQL databases, enhancing data management and real-time synchronization.
- Led API integrations, ensuring seamless communication between mobile apps and backend services.
- Collaborated with cross-functional teams to deliver high-quality, scalable, and user-centric applications.

IOS Developer

KAYMAN Associates

📅 12/2022 - 02/2023 📍 Lahore, Pakistan

At this company, I have been developing **iOS applications** using **SwiftUI, UIKit, API integration, SQL**. I play a key role in **enhancing app performance**.

Achievements

- Designed and implemented **efficient UI/UX components**, improving user engagement.
- Built modern, userStreamlined **API integration processes**, enhancing app connectivity and stability.
- Successfully delivered key features within **tight deadlines**, ensuring timely product releases.
- Introduced **automated testing and debugging strategies**, improving app stability and reducing post-release issues.

PROJECTS

LYF Suite

Contributed to the **LYF Suite** app — a digital health platform helping users manage asthma and COPD by tracking **cough, inhaler use, hydration, activity, sleep, and stress**, supported by smart health insights.

Platforms: iPhone & Apple Watch (WatchOS)

Cater Box

Cater Box is a modern food delivery app that allows users to place **party, group, or individual orders** with ease. It provides a smooth ordering and tracking experience, connecting users with reliable catering services. Designed for convenience, it streamlines event and meal management through an intuitive, user-friendly interface.

PROJECTS

Pixify Photo

Developed **Pixify Photo**, an advanced photo-sharing app similar to Snapchat but with enhanced features. Built using **UIKit**, **Firestore**, **API integration**, and an **AI model** to provide smarter and more interactive user experiences.

Portfolio: https://linktr.ee/raza_malik

AR Drawing

Developed **AR Drawing**, an innovative app that combines **AI-generated images** with **drawing tools** for a creative and immersive experience. Built using **UIKit**, **Firestore**, and **AI model integration**, the app enables users to create, edit, and enhance drawings with advanced AI-powered features.
